Presentations (3 presentations per day: first hour for presentation, second hour for discussion)

If there are too many students: no more presentation, but class discussion about two texts chosen by the student who will act the class discussion. The students will summarize the two texts and moderate/lead the class discussion. So, for students that didn't have the possibility to make the presentation. If you want you can have slides, but the teacher prefers not.

Paper

An alternative to the presentation. Just one text in the reading list. Pay attention to the time to deliver it. Times New Roman 12. Spacing: 1.5 or 2. Put the page numbers. Name, surname, date in the first line and obviously the title. She wants an introduction and paragraphs and the final biography. Without these elements there isn't any grade. 6-8 pages.
